### **About the Programme**

*In the wake of recent developments in teaching, the modus operandi of higher education has undergone changes to adapt to its soaring challenges. In the present scenario, technology has assumed greater heights, incorporating itself as a crucial tool in imparting teaching. These improvements have created the need to bridge the gap between teaching and research with the help of technology. To meet the challenges of techno- savvy young minds, teachers need to be effective and research oriented. To be an effective teacher, one needs to be able to deliver knowledge using the most suitable pedagogical tools and also required to remain at the frontlines of knowledge in his or areas of subject expertise and gain working knowledge of other domain. The programme intends to instill skills within the faculty members which will foster independent thinking and creativity through experimental /pedagogical activities..The FDP also aims to build up the quality of course delivery of participants through enhancement of pedagogy to create interest and motivation among students. Keeping all these in view, Department of English, Paradip College, Paradip is going to organize a 7 day Faculty Development Programme on "Research Methodology and Writing Research Paper" 'for the faculties, researchers, academicians etc across the country to strengthen their research skill.*

\*\*\*\*

### **Objectives of the Programme**

- To develop research acumen among the faculty members and dissemination of the same among the students inculcating research- based inputs in education.
- To acquaint the participants with the use of basic quantitative & qualitative research techniques & tools of data analysis.
- To facilitate exposure to the latest pedagogical methods and revive teaching style, delivery of content, course preparation and management of changing paradigm shift in teacher-student relationship.
- To guide researchers in writing a research paper and to develop the flare for reading and appreciating research articles.

### **Programme Outcome**

- It will facilitate insight to different research models and their management of decision making approach.
- It will help academicians, teachers, researchers who aspire to publish in high impact journals.

### **Who should attend**

- Faculty members from different Colleges, Universities & Institutes can participate.
- Academicians, researchers working in different colleges, training centres, institutes can participate.
- Those who are interested in academic research and writing papers can participate.

### **Pedagogy**

- A mixed pedagogical tools will be used-lectures, discussions, presentations & experimental exercises.

### **Certificate of Participation**

- E-certificate will be issued to all the participants after obtaining feedback.

### **Resource persons**

- Our Resource Persons are renowned academicians from highly reputed Universities / Institutions across the country.
